Ideal Public School - Overview

Ideal Public School, an English medium institution, was founded in 1993 and is affiliated with the CBSE. Located at Thaikkattukara, just 20 meters away from the KSRTC Regional Workshop in Aluva, the school is run by Thaikkattukara Muslim Jamath. It aims to provide quality education to the children residing in and around the Choornikkara Grama Panchayat.

The school's motto is "Excellence and Perfection Through Dedication and Hard Work", and it is committed to achieving academic excellence through the efforts of a dedicated, qualified, and experienced teaching staff, with the active cooperation of parents.

Ideal Public School serves as a nurturing ground for the holistic development of students, empowering them to make meaningful contributions to society. This goal is pursued through a focus on academic excellence, competence, and the development of personal, interpersonal, and social skills, creating well-rounded individuals in a dynamic educational environment.

Our History

Ideal Public School had a humble beginning in 1992, when a group of visionary individuals recognized the need for educational upliftment in the local community. Their foresight led to the submission of a project proposal for establishing an English medium school to the Thaikkattukara Muslim Jamath. The proposed plan was approved, and a school managing committee was formed to oversee the school's operations and raise the necessary funds for its establishment.

The Muslim Educational Society generously provided its Thaikkattukara MES Center for the school's use. With the late Prof. T.O. Pareed Pillai as the first principal, Ideal Public School was officially inaugurated by the Kerala Education Minister, Janab E. T Muhammad Basheer, on May 9, 1993.

At this moment, we remember and honor the visionaries and pioneers whose hard work and dedication laid the foundation for the school that continues to serve the community today.

As we approach the end of this academic year and celebrate 30 years of dedicated service in providing quality education since our inception in 1993, we are excited to welcome the 31st year of our journey. This milestone is a testament to the vision, hard work, and commitment of all those who have been part of Ideal Public School.

We take this opportunity to express our heartfelt gratitude to the Almighty Lord for His abundant blessings on this institution, guiding us through the years and helping us grow into a pillar of education and excellence in the community. Here's to many more years of success, growth, and service to our students and society.

It gives me immense pleasure to present the Annual Report for the academic year 2023-24, highlighting the achievements and milestones of Ideal Public School since our last Annual Day celebration.
