Before I conclude, let me assure that even though our students engaged themselves in various co-curricular and life skill activities, top priority is given to academic performance. Remedial teaching, extra classes, revisions, unit tests, class tests, assignments, project work, end of term exams have kept them busy throughout the year. I render thanks to our Principal, our Management, our teaching and non teaching staff and my students and parents who have been with us in all our activities with maximum support and co-operation.

I conclude my words with a great message “Believe in yourself and all that you are Know that there is something inside you that is greater than any obstacle”.

Thank you
